INDEPENDENT AUDITOR'S REPORT

October 29, 2007

Honorable Donald E. Hines, Co-Chair
Honorable Joe R. Salter, Co-Chair
Legislative Budgetary Control Council
State of Louisiana
Baton Rouge, Louisiana

We have audited the accompanying financial statements of the Legislative Budgetary Control Council, State of Louisiana as of and for the year ended June 30, 2007, as listed in the index to report. These financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements of the Legislative Budgetary Control Council, State of Louisiana, are intended to present the financial position and results of operations of only that portion of the financial reporting entity of the State of Louisiana.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Legislative Budgetary Control Council, State of Louisiana as of June 30, 2007, and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2007 on our consideration of the Council's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and other required supplementary information on pages 3-4 and 14 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information included on page 15 for the year ended June 30, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary information on page 15 has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

LEGISLATIVE BUDGETARY CONTROL COUNCIL
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007

NATURE OF OPERATIONS:

The Legislative Budgetary Control Council, State of Louisiana, created by Title 24, Section 38 of the Louisiana Revised Statutes, maintains rules and regulations designed to control the budget and spending procedures within the Legislative branch of government, approves budget request for all legislative budget units and funds projects for the Legislature such as the joint computer operations, upkeep and renovations of the Capitol complex and funding of national legislative organizations.

The Council is composed of twelve members and four employees.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Governmental accounting principles and practices are promulgated and established by the Governmental Accounting Standards Board (GASB). The GASB has issued a *Codification of Governmental Accounting and Financial Reporting Standards*. This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such pronouncements.

The following is a summary of the more significant accounting policies.

Financial Reporting Entity:

Application of Section 2100 of the GASB Codification defines the governmental reporting entity (in relation to the Legislative Budgetary Control Council) to be the State of Louisiana. The accompanying financial statements of the Legislative Budgetary Control Council contain sub-account information of the General Fund and account groups of the State of Louisiana. Annually, the State of Louisiana issues financial statements, which include the activity contained in the accompanying financial statements.

Fund Accounting:

The Legislative Budgetary Control Council uses fund accounting (separate sets of self-balancing accounts) to reflect the sources and uses of available resources and the budgetary restrictions placed on those funds by the Louisiana Legislature. The General Fund is used to account for all of the Legislative Budgetary Control Council's general activities, including the servicing of general long-term debt. It is used to account for all activities of the Council.

Basis of Accounting:

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

LEGISLATIVE BUDGETARY CONTROL COUNCIL
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Basis of Accounting: (Continued)

In accordance with *Statement of Governmental Accounting Standard 34*, the Legislative Budgetary Control Council presents a Statement of Net Assets and Statement of Activities. These statements reflect entity-wide operations of the Legislative Budgetary Control Council. The Legislative Budgetary Control Council has no fiduciary funds or component units. The Legislative Budgetary Control Council has only a General Fund, supported by an appropriation from the State of Louisiana and self-generated funds.

Within the accompanying statements, the General Fund column of the Statement of Net Assets and the Statement of Activities reports all activities of the Legislative Budgetary Control Council using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Management considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Using this methodology, the legislative appropriation is recorded during the year, and for the year, the appropriation is made, and interest and other revenues are recorded when earned. Expenditures are recorded when a liability is incurred, as in accrual accounting. However, compensated absences are recorded when paid.

The General Fund column is adjusted to create a Statement of Net Assets and Statement of Activities. Within this column, amounts are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Budgetary Practices:

The Legislative Budgetary Control Council is required to submit to the members of the Council an estimate of the financial requirements of the ensuing fiscal year. The General Fund appropriation is enacted into law by the Legislature and sent to the Governor for her signature. The Legislative Budgetary Control Council is authorized to transfer budget amounts between accounts in the General Fund. Revisions that alter total appropriations must be approved by the Legislature. The level of budgetary responsibility is by total appropriation. All annual appropriations lapse at fiscal year end, and require that any amounts not expended or encumbered at the close of the fiscal year be returned to the State General Fund unless otherwise reappropriated by subsequent Legislation action. Current appropriation legislation authorizes such reappropriation of prior year funds.

LEGISLATIVE BUDGETARY CONTROL COUNCIL
STATE OF LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Budgetary Practices: (Continued)

The budget of the General Fund is prepared on the budgetary (legal) basis of accounting. In compliance with budgetary authorization, the Legislative Budgetary Control Council includes the prior year's fund balance represented by appropriate liquid assets remaining in the fund as a budgeted revenue in the succeeding year. The result of operations on a GAAP basis do not recognize the fund balance allocation as revenue as it represented prior period's excess of revenues over expenditures.

Encumbrances:

Encumbrances are recorded when purchase orders, contracts, and other commitments for expenditure of moneys are recorded but are not considered expenditures until liabilities for payments are incurred. Encumbrances are reported as a reservation of fund balance on the balance sheet. Encumbrances do not lapse at the close of the fiscal year but are carried forward as reserved fund balance until liquidated. Encumbrances are an allowable charge against the current year appropriation.

Leave Benefits:

Accumulated unpaid annual, sick and compensatory leave is reported in the Statement of Net Assets and Statement of Activities within the accompanying financial statements. The Legislative Budgetary Control Council, State of Louisiana's employees accrue unlimited amounts of annual and sick leave at varying rates as established by the Legislative Budgetary Control Council's personnel practices. Upon resignation or retirement, unused annual leave of up to 300 hours is paid to employees at the employee's current rate of pay. Upon retirement, annual leave in excess of 300 hours and unused sick leave are carried as earned service in computing retirement benefits.

Furthermore, employees earn compensatory leave for hours worked in excess of 40 hours per workweek. The compensatory leave may be used similarly to annual or sick leave. At June 30, 2007 annual leave of up to 300 hours, for which employees could be paid upon resignation or retirement, and compensatory leave, computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards Section C60.105, total \$33,164.

The following are the changes in compensated absences (general long-term obligations) during the year.

<u>Balance</u> <u>July 1, 2006</u>	<u>Net Change</u>	<u>Balance</u> <u>June 30, 2007</u>
<u>\$ 22,003</u>	<u>\$ 11,161</u>	<u>\$ 33,164</u>

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Postretirement Benefits:

The Legislative Budgetary Control Council provides certain health care and life insurance benefits for retired employees. Substantially all of the Council's employees may become eligible for those benefits if they reach normal retirement age while working for the Council. These benefits for retirements and similar benefits for active employees are provided through the State's Group Benefits Program whose monthly premiums are paid jointly by the employee and the Council. The Council recognizes the cost of providing these benefits as an expenditure in the year paid. For the year ended June 30, 2007, those costs totaled \$16,498, which covered two retired employees, funded through the legislative appropriation. Retirees pay one-half of the cost of their benefits.

2. CASH IN BANK:

Under State law, the Legislative Budgetary Control Council may deposit funds in an approved bank located in the State selected and designated by the presiding co-chairman of the Council. Federal deposit insurance or the pledge of securities that are owned by the fiscal agent bank must secure these public deposits. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank.

At June 30, 2007, the carrying amount of the Legislative Budgetary Control Council's cash account was \$280,311, and the bank balance was \$364,341. All cash was covered by federal depository insurance or pledged collateral held in the name of the pledging fiscal agent bank in a holding or custodial bank.

3. RETIREMENT SYSTEM:

Plan Description:

All employees of the Council participate in the Louisiana State Employee's Retirement System (LASERS) which is a cost sharing, multiple-employer defined benefit pension plan administered by a separate Board of Trustees. The plan provides retirement, disability, and survivor benefits to participating, eligible employees. Benefits are established and amended by state statute. Benefits are guaranteed by the State of Louisiana under provisions of the Louisiana Constitution of 1974. LASERS issues a publicly available financial report that includes financial statements and required supplementary information. The reports may be obtained by writing to Louisiana State Employees' Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0600.

3. RETIREMENT SYSTEM: (Continued)

Funding Policy:

Plan members of the Legislative Budgetary Control Council, State of Louisiana are required by state statute to contribute 7½% or 8% (depending on their date of hire) of their annual covered salary to LASERS, respectively and the Council (as their employer) is required to contribute at an actuarially determined rate. The current employer rate is 19.1% of annual covered payroll. The contribution requirements of plan members are established by and amended by state law. As required by state law, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The State of Louisiana through the annual legislative appropriation funds the employer contribution. The Council's employer contributions to LASERS for the years ending June 30, 2007, 2006 and 2005, which were equal to the required contributions for each year, were as follows:

<u>June 30,</u>	
2007	\$ 38,464
2006	35,349
2005	21,751

4. LITIGATION, CLAIMS AND SIMILAR CONTINGENCIES:

Losses arising from litigation, claims and similar contingencies are considered state liabilities and are paid by special appropriations made by the Louisiana Legislature. Any applicable litigation, claims and similar contingencies are not recognized in the accompanying financial statements.

At June 30, 2007, the Council was involved in various lawsuits relating to its function as the Legislative Budgetary Control Council. In the opinion of legal counsel, resolution of the litigation would not result in substantial liability to the Legislative Budgetary Control Council and accordingly, is not recorded in the accompanying financial statements.

Explanation of differences:

- (1) Budgets include reappropriated fund balances carried over from prior years to cover expenditures of the current year. The results of operations on a GAAP basis do not recognize these amounts as revenue since they represent prior period's excess of revenues over expenditures.
- (2) Compensated absences are budgeted on a modified accrual basis. Under generally accepted accounting principles these costs are recognized when the benefit is earned.
- (3) The amount reported as fund balance on the budgetary basis of accounting derives from the basis of accounting used in preparing the Council's budget. This amount differs from the fund balance reported in the statement of governmental fund revenues, expenditures and changes in fund balance because of the cumulative effect of transactions such as those described above.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

October 29, 2007

Honorable Donald E. Hines, Co-Chair
Honorable Joe R. Salter, Co-Chair
Legislative Budgetary Control Council
State of Louisiana
Baton Rouge, Louisiana

Board of Trustees:

We have audited the financial statements of the Legislative Budgetary Control Council, State of Louisiana, as of and for the year ended June 30, 2007, and have issued our report thereon dated October 29, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Legislative Budgetary Control Council, State of Louisiana's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Legislative Budgetary Control Council, State of Louisiana's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Legislative Budgetary Control Council, State of Louisiana's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies that adversely affects Legislative Budgetary Control Council, State of Louisiana's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Legislative Budgetary Control Council, State of Louisiana's financial statements that is more than inconsequential will not be prevented or detected by Legislative Budgetary Control Council, State of Louisiana's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Legislative Budgetary Control Council, State of Louisiana's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Legislative Budgetary Control Council, State of Louisiana's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the Council's management and the Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
